## EXPERT WOUND HEALING SERVICES

A True Care Continuum From Hospital To Home

### WHO WE ARE

WELS Care is a dedicated physician group specializing in advanced wound care. Our mission is to provide compassionate, expert care to help our patients heal their wounds quickly. We bring our services to you, wherever you need us.

In the **hospital** - Our providers will treat your wound during your stay and make the best recommendation for your next level of care. That may be going home with home health services, or discharging to a skilled nursing facility where you will undergo rehab before going home.

In the **skilled nursing facility** - Our caring clinic liaisons will visit you weekly, coordinate with discharge planners in the facility, and ensure a smooth discharge home.

At **home** - Our provider and medical assistant team will see you weekly in our clinic or the comfort of your home until your wound is healed, or an appropriate treatment plan is in place.

## WHAT WE DO

- **Comprehensive Wound Care:** Our team of providers and medical assistants specialize in healing chronic wounds in 8 weeks or less.
- **Collaborative Approach:** We work closely with home health agencies, primary care providers, surgeons, and vascular specialists to improve healing outcomes and ensure long-term success.

We connect with your care team so you don't have to. We understand how stressful and tiring a hospital stay can be.

Our goal for you is to rest, heal, and stay healthy.

**Proven Results:** We have a 98% success rate in avoiding rehospitalizations.

## WHY CHOOSE WELS CARE?

- Expertise in advanced wound care techniques.
- Personalized, patient-focused treatment plans.
- Proven track record of successful healing and patient satisfaction.
- A collaborative care model that puts your health and well-being first.

We are contracted with all insurance providers, except Optum, to ensure our services are accessible to as many patients as possible.
